Beading thread K4570	#40	#12	1.8m
Glue			A little

■—Tools···Scissors・Scale・Pliers・Needle-nose pliers・
Beading needle
■— Finished Robot Charm ···Length and width: Approx. 4cm × Approx. 2cm

Miyuki recommends a square-stitched robot charm using the Square Beads shape.
The simple design should fascinate adults as well ♪
Please enjoy the one in different color too.

■—Tip
Keep the tension consistent.

For learning " Square Stitch ", please take a look as follows.

How to make

1
① Cut the beading thread at 80 cm and thread the needle.
② String a stopper bead with approx. 20 cm thread tail left.

Approx. 20 cm thread tail left.
80 ㎝ thread in full
Beading Needle
Stopper bead (Round Rocaille 11/0)

Note: The thread color is changed for clarification.

2
① String Square Beads on the stopper bead and weave the head part (for the 1st - 5th row) with square stitch.
② End the thread.

Square beads
← 2nd row
← 1st row

Add a bead as a neck part

← 2nd row
← 1st row

← 3rd row

4th row
Square beads
Roundel
Round Rocailles 11/0
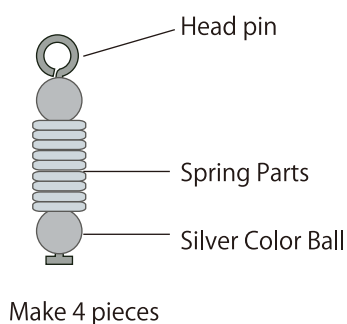

Add beads for Ear parts on 3rd row as diagram shows
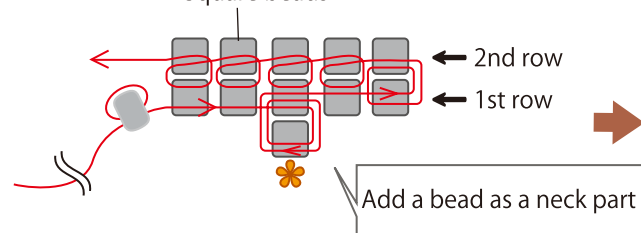

← 5th row
← 4th row

When the 5th row is woven, add a single Square Bead as the diagram shows.
End the thread to complete the head part.

3 Cut another thread at 1 m and weave the body part (of the 1st - 7th row) with square stitch.

Stopper Bead

Square beads

← 1st row

Follow the diagram above.

← 6th row

Continue weaving up to the 6th row.

Direction

6th row

Roundels

When the 6th row is finished, add Round Rocaille 11/0 as the shoulder-joint parts. Follow the diagram above.

Round Rocaille 11/0

2

7th row

6th row

When the 7th row is woven, joint the neck bead made in 2 as the diagram shows. End the thread.

4 Put each part on head pins to make the arms and the legs.

Head pin

Spring Parts

Silver Color Ball

Make 4 pieces

6 ① Glue the acrylic stone.
② The Robot Charm is completed when the ball chain is connected through the jump rings.

5 Joint all the parts together.

3 jump rings

Joint the head pin directly into a bead hole of Round Rocaille.
